2.5 oz or 5 Tbsp Neem	5 oz or 10 Tbsp Neem
2 tsp Soap*	5 tsp Soap*
3 oz or 6 Tbsp BioAG	6 oz or ¾ cup BioAG
5 oz or 10 Tbsp Liquid Fish^	10 oz or 1 ¼ c Liquid Fish^
(Approx. 5 Trees)	(Approx. 10 Trees)

- *Liquid Dish Soap like Dr. Bronner's Pure Castile Soap or Dawn
- ^ Double the Amount of Liquid Fish for Fall Spray

To Mix:

1. Determine batch size using the information listed to the right.
2. If Neem has been in a cool area or outside, bring inside to warm up overnight or heat under warm water (60°+).
3. Combine soap (Dr. Bronner's or Dawn) with Neem and stir vigorously to break down consistency.

4. Add liquid fish and BioAg (effective microbes) with soap/neem solution in the sprayer.
5. Add warm water to the sprayer, filling to the required batch size. Close sprayer tank and shake tank vigorously.
